Fantastic venue at Lake Constance

Exposed location & optimal accessibility,
flexible room concept & high-quality furnishings,
large range of leisure facilities & comprehensive
service: The Inselhalle Lindau is the ideal venue for
congresses, conferences and events.

Free space in a dream location

A good event location not only convinces with suitable rooms and technical equipment, but also with that certain something. The Inselhalle Lindau offers exactly this wow factor, which will inspire you and your guests: On one side, it borders the historic old town of the Lindau island, which spreads a very special flair with its romantic, winding alleys at all times of the year. On the other side, the lake awaits - and with it the offer to let your gaze wander, your thoughts flow and your horizon expand. No wonder, then, that pioneers and thinkers, graduates and ambitious people, scientists and artists have been coming together here for decades. Whether for cultural events or renowned conferences, small workshops or international congresses. The Inselhalle offers space for up to 2,000 people - and plenty of room for encounters, insights and visions.

One hall – 46 options for space

The large auditorium continues to be the main feature of the new Inselhalle. The space has been renovated according to plans by the renowned architectural practice Auer Weber and it now appears more elegant than ever before. Superb acoustics and capacity for more than 1,100 guests make it ideal for plenary sessions during conferences or for concerts. It can be divided into three smaller halls. Ten new conference rooms on the ground floor and two at the basement level are grouped around that central space. The Clou: due to its modular design, the new Inselhalle Lindau offers 46 room

options for events of all kinds and sizes, from galas and workshops, to seminars and get-togethers in our light-filled Main Foyer, for example, which at 1,000 m², has been extended to more than three times its previous size.

Tradition meets modernity-and nature

Visually, too, the Inselhalle, designed by Munich architects Auer Weber, is a high-light of modern architecture that blends in perfectly with the island: for example, the striking polygonal roof in its copper colour picks up the look of the roofs of Lindau's old town; generous glass surfaces provide a view of the lake and greenery. The adjacent 2,500 square metre Therese-von-Bayern-

Platz is used as an additional activity area for many events. The consistent architecture is continued in the Inselhalle P4 multi-storey car park, which offers 400 parking spaces in the direct vicinity of the event location.

We take care of it for you

So that you can concentrate fully on your events, our team will support you in all organisational matters relating to your conference in the island city of Lindau. One contact person, short distances, targeted mediation: we pull all the strings together, we act quickly and uncomplicatedly. Arrival, cultural and sightseeing programme, catering, accommodation: interested parties receive exactly the programme they want from us. You

decide whether we take over the complete organisation or offer individual, combinable modules. Thanks to decades of experience in the field of international guest services, we can draw on a wide-ranging, reliable network. And our great passion for what we do and the region in which we live also benefits you as an organiser: it is a matter close to our hearts to make the four-country region of Lake Constance an experience for you - with all its natural beauty, high quality of life and authentic warmth and hospitality. We look forward to your enquiry - and to welcoming you soon to our island city!

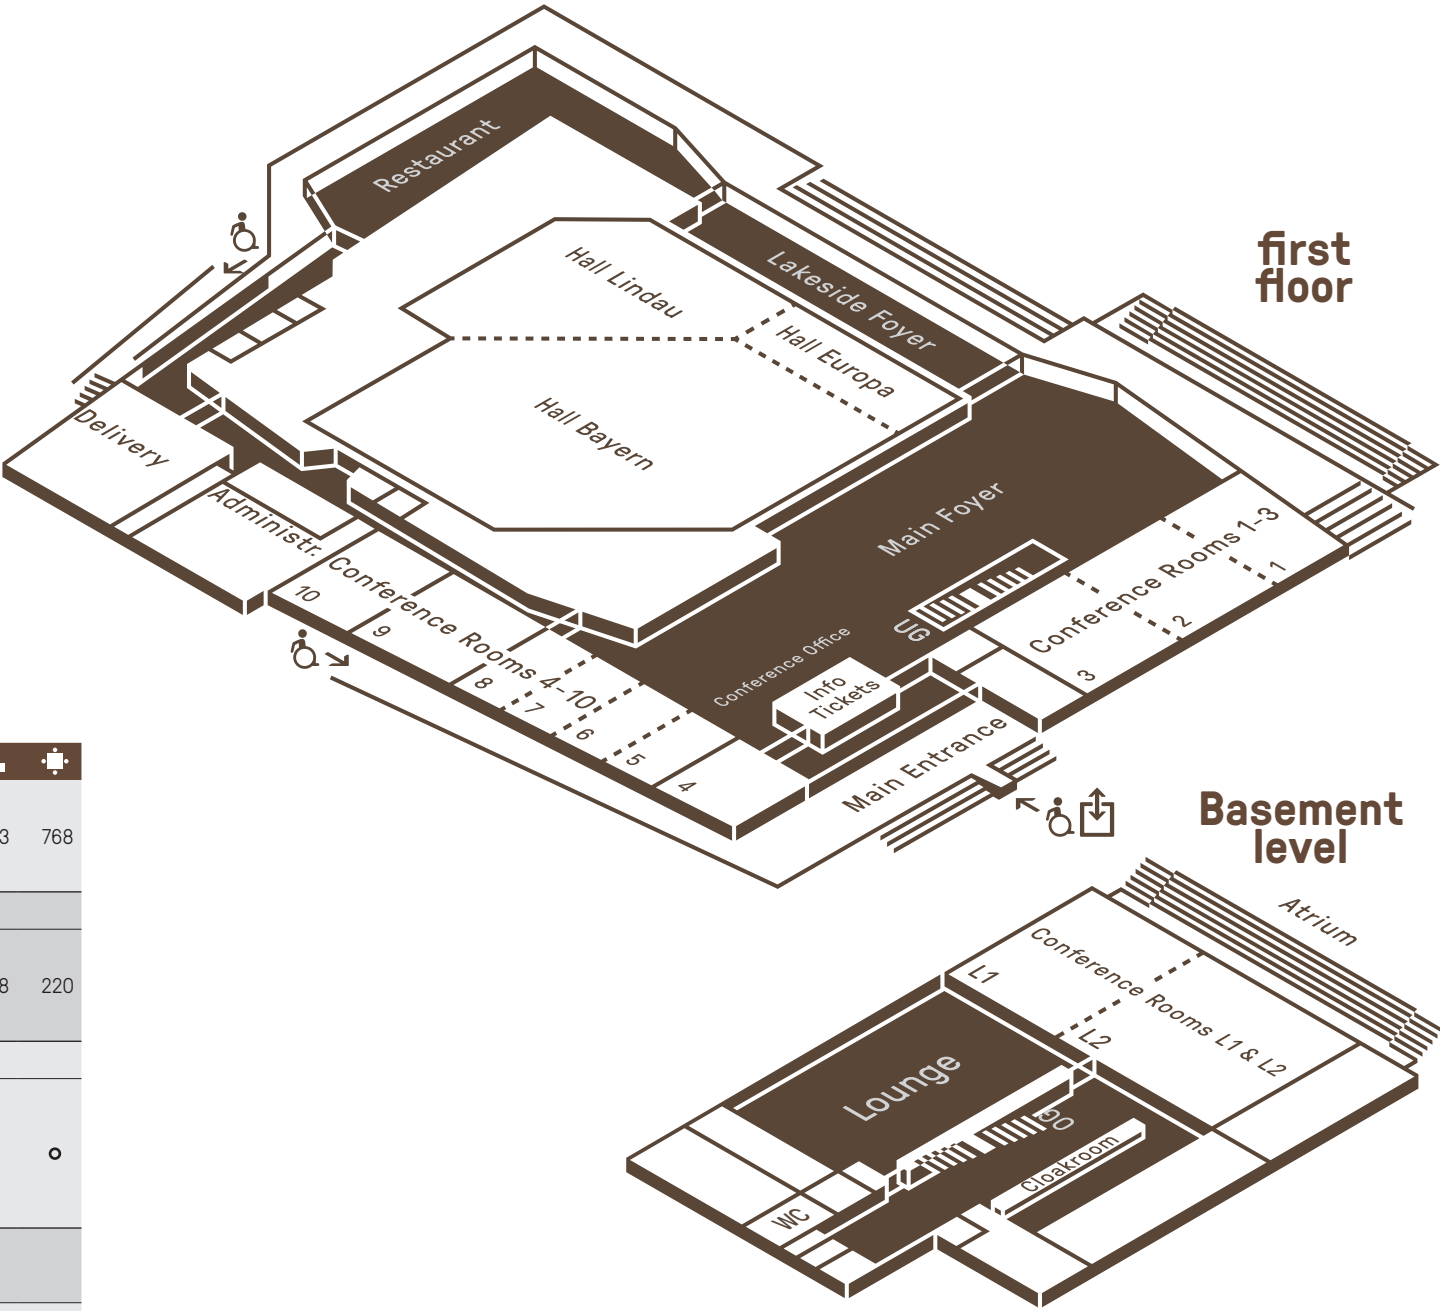

Sincerely yours,
Your team of the Inselhalle Lindau

The large auditorium continues to be at the heart of our Inselhalle complex. It can be arranged into three combinations of suites, each featuring the finest quality oak. Its formal atmosphere makes the large

auditorium the perfect location for plenary sessions of more than 1,100 delegates, for larger banquets or even for exhibitions. Our impressive acoustics have already made their mark on concerts.

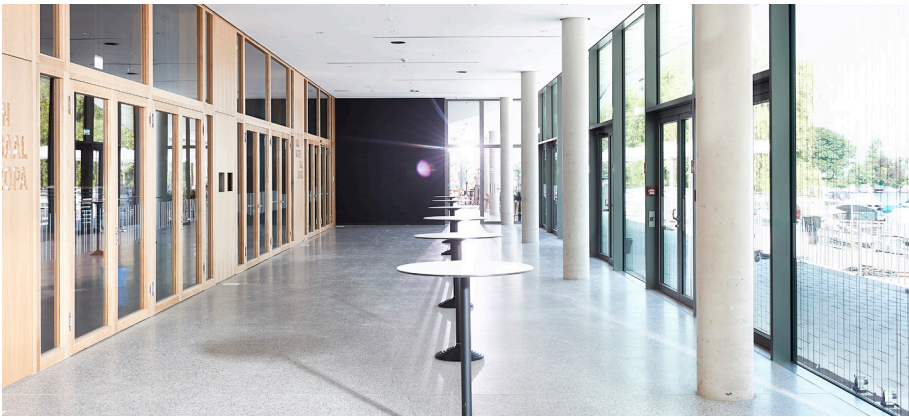

Lakeside Foyer

In the northern part of the Inselhalle is the lakeside foyer, which is accessible through the halls as well as the main foyer and the restaurant. The continuous glass front provides plenty of light and a great view – in good weather the doors to the terrace

can be opened along their entire length. The direct proximity to the Small Lake offers a stylish ambience for receptions, breaks or aperitifs – and in the evening a dreamlike view of the sun setting over the water.

Conf. Room 3	110	98	38	○	221	200	88	○						

The three conference rooms on the east side of the building have been designed to face the Therese-von-Bayern square and the lakeside. They are flexible and can be combined into different rooms, offering

space for up to 312 delegates. As you would expect, the rooms have been fitted with the most modern equipment in conference technology, ideal for talks and workshops.

Renowned conferences & innovative events, international meetings & groundbreaking lectures: The portfolio of events in the Inselhalle Lindau is varied.

Lindau Psychotherapy Weeks

The Lindau Psychotherapy Weeks are by far the congress with the largest number of participants. They are one of the world's largest events in the field of psychotherapy and gather over 4,000 medical and psychological psychotherapists and members of related professions in Lindau every year during two weeks of events. The event has been held annually in the Inselhalle since 1950; lectures, talks and seminars are offered.

Lindau Nobel Laureate Conference

Probably the best-known flagship with international appeal is the annual Nobel Laureate Meetings: Since 1951, more than 30 Nobel Laureates and over 600 young scientists from all over the world have met annually in Lindau. Every year, the conference is devoted to medicine, physics and chemistry. The aim is the intercultural and intergenerational exchange of knowledge and experience. Lectures, discussion rounds, panel discussions and master classes form the bulk of the programme.

Religions for Peace

In August 2019, the world assembly of "Religions for Peace" took place for the first time in the Inselhalle. During the high-profile meeting, around 1,000 representatives of the largest religious and cultural communities, governments, NGOs and multilateral institutions from all over the world met in the Inselhalle Lindau. They exchanged views on how dialogue between religions can promote peace.

Sponsors Partners

**Locally based & regionally networked, nationally active
& internationally successful: the partners and sponsors
of the Inselhalle Lindau also express their attachment to
the location with their commitment.**

The Inselhalle Lindau has always been a place of encounter, exchange and joie de vivre – and as such it also plays a central role for the citizens of Lindau. Whether for club meetings or cultural performances, as an event location or for political events: People from near and far come together in the Inselhalle.

"The Inselhalle is multifunctional and can therefore be used ideal for different sizes. This is a quantum leap for the location."

**Wilhelm Zürn, Regional Managing Director
Schwäbisch Media Lindau-Allgäu**

Numerous local companies regularly use the modular premises for their events – some of them are also involved as sponsors of the Inselhalle. The partners involved benefit not only from special conditions for the use of the premises and event vouchers, but also from a high-profile presentation of their logos on the respective rooms and in communication in general.
